iSpaze Smart Solutions Pvt. Ltd.

(An NIT Alumni Start-Up, Recognized by Govt. of India & Govt. of UP)

iSpaze is an Indian IoT and electronics R&D company, established in 2020 and based in Ghaziabad, Uttar Pradesh. We specialize in the development and manufacturing of Smart Touch Switch Boards and smart automation solutions designed for the Indian market.

Our solutions are fully compatible with existing modular switch boxes, ensuring easy installation and seamless upgrades.

We empower brands with white-labeled IoT solutions through our complete Product DDM (Design, Development & Manufacturing) model, enabling companies to launch smart products without maintaining technical resources or infrastructure.

Our Vision

"To lead the smart products industry with innovation, quality, and trust"

Our Mission

"Without compromising on quality, we strive to provide the most affordable, reliable, and secure home automation solutions."
